CLEANTECHHUB · INTERNAL MEETING BRIEF

# Christian Matamala

Tue 13 Oct 2026 · 15:00 COT  Holland House Colombia, Bogotá

Contact for Gideon Blaauw (CTH)

**Identity confidence — primary candidate:** Christian Matamala Irribarra

MEDIUM

Public sources do *not* list him as Holland House staff or confirm this calendar slot. A Sep 2026 LinkedIn comment describes a Colombia visit from 1 Oct for ~two weeks with meetings and talks, which aligns with the meeting date. Holland House is a plausible venue for Netherlands–Colombia sustainability and circular-economy networking, not proof of affiliation.

**Alternate candidates:** Christian Matamala Carrasco (Chile-based water/sanitation engineer; no Holland House or Bogotá link found) · Any other "Christian Matamala" tied to this invite — [PENDIENTE]

## Who he is (verified public profile)

- Full name **Christian Matamala Irribarra**; public professional base in the **Santiago Metropolitan Area, Chile**. linkedin.com/in/christian-matamala-irribarra
- Listed as **Gerente**, Cooperativa Ispirare (Aug 2026–present), described as collaborative e-commerce and integral-health products in Latin America. linkedin.com/in/christian-matamala-irribarra
- **Coordinador cap. Chile**, Movimiento Laudato Si' (author byline). econews.global/author/christian-matamala/
- **Director de Relaciones Estratégicas (Ecuador)**, Cámara Nacional de Economía Circular (CANDEC); company page lists him as key executive. linkedin.com/company/camaracircular
- Multiple concurrent roles in public profile: Hispano-America representative (Laudato Si' World Council), bilingual mentor (UICN-supported protected-areas programme), Climate Reality community mentor, circular-economy facilitation. linkedin.com/in/christian-matamala-irribarra

- 2022 event bio: Chilean; ecology, environmental education, circular economy, Climate Reality leadership; postgraduate environmental management; photovoltaic integration. LinkedIn — Basura Cero LATAM (2022)
- Commented on Colombia's sustainability reporting and climate-risk transparency (Sep 2024). LinkedIn post (2024)
- Stated planned **Colombia tour from 1 Oct 2026** (~two weeks) with presentations and meetings, including time in Chía. LinkedIn comment (2026-09-18)

**[PENDIENTE]** His exact title on the meeting invite, other attendees, and whether Holland House hosts or only provides the room.

### Organisation snapshot — Holland House Colombia

- **Cámara de Comercio Colombo Holandesa** (Holland House Colombia): nonprofit bilateral chamber promoting trade and investment between Colombia and the Kingdom of the Netherlands (Netherlands plus Dutch Caribbean). hollandhouse-colombia.com/conocenos/
- **Mission:** promote and strengthen economic and commercial relations between Colombia and the Kingdom of the Netherlands. hollandhouse-colombia.com/conocenos/
- **Bogotá office:** Calle 90 #19-41, Oficina 801, Chapinero; +57 (601) 744 9566; info@hollandhouse-colombia.com. hollandhouse-colombia.com/contactenos/
- Services include foreign trade support, advisory, trade missions, networking, matchmaking, events, co-working. hollandhouse-colombia.com/comercio-exterior/
- Executive Director **Jan Willem van Bokhoven** (since Jul 2013) describes focus sectors: water, agriculture, energy, life sciences, infrastructure. linkedin.com/in/janwillemvanbokhoven
- LinkedIn company profile: international trade nonprofit, founded 2013, HQ Bogotá; ~33 employees cited. LinkedIn — Holland House Colombia

## Possible CleantechHUB fit (hypotheses only)

Not confirmed partnerships — conversation starters if the primary candidate is correct.

→ **Programs / education:** Overlap on circular economy, climate literacy, and community-based sustainability (Laudato Si', CANDEC diplomado, ENVIS-style facilitation) could complement CTH training or Dialogos-style programmes — explore co-designed workshops rather than vendor pitch.

→ **Datalab:** Interest in sustainability reporting, NIIS-style transparency, and "common language" for climate metrics (per his 2024 Colombia comments) may align with data literacy or open-impact storytelling — **[PENDIENTE]** whether he seeks tools vs. networks.

→ **Nexus:** Cooperativa Ispirare and B Corp / purpose-economy framing in his profile suggest he engages early-stage or mission-driven ventures; Nexus portfolio intros could be mutual if startups fit circular/climate themes.

→ **Energy Co-op:** Public bio mentions green energy, efficiency, and photovoltaic integration; Holland House also lists energy as a priority sector — possible bridge to community energy or Dutch–Colombian cleantech suppliers via chamber members.

→ **REIN Hubs:** Holland House runs sector missions (e.g. water, agri-food) and Caribbean/Caribbean Netherlands trade links; if CTH participates in regional innovation hubs, chamber matchmaking could surface Dutch or Colombian partners — scope and role **[PENDIENTE]**.

## Five talking points / questions

1. Confirm identity and agenda: "Are you Christian Matamala Irribarra, and what brings you to Holland House on 13 Oct?"
2. Colombia tour (Oct 2026): which cities, partners, and outcomes he is seeking beyond published talks — any explicit Netherlands or Holland House linkage?
3. Circular economy in practice: what validated business models or pilots he has run (vs. frameworks), and where Colombia fits his CANDEC / regional chamber work.
4. CleantechHUB introduction: which CTH lane (programs, Nexus startups, data/community tools, energy) would create value for his

network in Chile, Ecuador, Brazil, and Colombia?

5. Follow-up mechanics: preferred language (ES/EN/PT), consent to share a one-pager with Holland House or Dutch embassy networks, and realistic next step within 30 days.

## Unknowns

- **[PENDIENTE]** Calendar owner and whether Jan Willem van Bokhoven or another Holland House colleague joins.
- **[PENDIENTE]** Commercial vs. nonprofit intent (consulting, coop sales, chamber membership, or alliance scouting).
- **[PENDIENTE]** Existing relationship with Gideon or CTH (cold intro vs. warm referral).
- **[PENDIENTE]** Dutch-language or Netherlands-domiciled entity involvement beyond Holland House as venue.
