CLEANTECHHUB · COLLABORATION BRIEF

ODS Cero × Datalab (Chile)

Christian Matamala · Holland House Bogotá

Tue 13 Oct 2026 · 15:00 COT Focus: data partnership · not a sales pitch

Identity: Christian Matamala Irribarra, linked to **Polo Empresarial / Fundación ODS Cero** HIGH

Public LinkedIn posts describe him as *socio* and *asesor senior* (territorial development & community linkage) with ODS Cero, plus earlier membership in Fundación ODS Cero Chile. This aligns with Gideon's collaboration direction. He is **not** listed on the foundation officer block at odscero.cl. source

1 · Christian Matamala

- **Christian Matamala Irribarra** — public base Santiago Metropolitan Area, Chile. LinkedIn
- At **Polo Empresarial ODS Cero Fundación**: describes himself as **socio** and **asesor senior** in *desarrollo territorial y vinculación a comunidades para la sostenibilidad local*; references a multi-region Chile project (four regions). LinkedIn (Jun 2026)
- Earlier public list includes **Miembro de la Fundación ODS Cero Chile**. LinkedIn (May 2023)
- Also active in circular economy / bioeconomy networks; tags **Polo Empresarial ODS Cero** alongside Basura Cero LATAM and Climate Reality (Sep 2026). LinkedIn activity
- Separate role: **Gerente**, Cooperativa Ispirare (listed on LinkedIn; IspirareCoop appears as a member organism on odscero.cl). LinkedIn odscero.cl

- Colombia context: stated plan for a Colombia tour from 1 Oct 2026 (~two weeks) with talks and meetings — consistent with Bogotá on 13 Oct. LinkedIn (Sep 2026)

2 · ODS Cero (Polo Empresarial)

What it is: Describes itself as Chile's first "Family Office Asociativa" — a business pole uniting business associations, cooperatives, and social enterprises, pursuing **Instituto Auxiliar Cooperativo** status under Chile's cooperative law (Fundación constituted 16 Nov 2021). odscero.cl

Services & program lines

- **Medierías** (ODS 13) — shared-benefit programme with cooperatives and family farming. odscero.cl
- **Consorcio** (ODS 7, 9, 11) — public–private agreements at medium/large scale: non-conventional renewables (ERNC), agro, circular economy, biomass, biotech, nanotech. odscero.cl
- **COMEX** — international cooperation for sustainable production/consumption, regenerative agriculture; CrowdCommerce. odscero.cl
- **I+D+i + cooperativismo** — ESG venture capital; talks, seminars, internships. odscero.cl
- Operating model **B2LC** (Business to Local Communities) for social innovation investment. odscero.cl

Data & impact

- States programme data will be exposed on an **Open Data platform (en construcción)**, with audited processes, monitoring four dimensions: *buen vivir*, ecological, economic, social. odscero.cl
- **LAURAS** — "Laboratorio Americano de Urgencia Regeneracional Ambiental y Social"; R&D, innovation, tech transfer, continuing education; mentions compliance platform collaboration across the Americas. odscero.cl

- Site cites portfolio-scale figures (e.g. managing ~USD 100M for sustainable projects; regional investment programmes in regions IV, V, RM, VI) — treat as self-reported on website until independently verified. odscero.cl

Team & governance (public)

- Foundation board (website): Presidente **Juan Jaime Olguín**; Vicepresidente **Sergio Aguilera**; Secretaria **Claudia Berardi**; Tesorera **Ana Maria Oyarzun**; Director **Jorge Ormazábal**. odscero.cl
- LinkedIn lists additional leaders (e.g. Juan Jaime Olguín, Rodrigo Arangua Cabrera, Rodrigo Díaz Valenzuela). LinkedIn company

Member organisms & partners (public)

- Member logos/names on site include **AWMA**, **CIBV**, **IspirareCoop**, Origami, Viento de la estrella, Allevia. odscero.cl
- Collaboration cited with **Facultad de Ciencias Agronómicas, Universidad de Chile** (La Pintana / Santa Rosa address on site). odscero.cl LinkedIn (Jul 2025)
- Participation with **GSG Impact Chile** (invitation acknowledged Sep 2025). LinkedIn
- Project copy references international partners on agrovoltaic/biomass programmes (FCA UChile named on site). odscero.cl

Geography

- Chile: programmes reference **regions IV, V, RM, VI**; HQ Peñalolén (LinkedIn: Calle Las Palmas 355); contact location also Av. Santa Rosa 11315, La Pintana (FCA UChile). odscero.cl LinkedIn
- LinkedIn company profile states workforce distributed across **Chile and Colombia** (no detail on Colombia entities in results reviewed). LinkedIn
- Contact: **vinculacion@odscero.cl**. odscero.cl

3 · Why ODS Cero may fit as Datalab data partner (Chile)

HYPOTHESES

Datalab (CTH data platform) — four live environments:

#/datalab #/datathon #/lab #/client

- ODS Cero already frames impact measurement across four dimensions aligned with sustainability reporting — potential schema overlap with Datalab indicators if Open Data launches. odscero.cl
- Cooperative / territorial programmes (ERNC, agro, circular economy) could supply **ground-truth datasets** for Chile pilots without CTH owning field operations.
- **LAURAS** R&D line could pair with `#/lab` for method co-design; `#/datathon` for open challenges on circular/regenerative metrics.
- Christian's remit (territorial development, community linkage) matches a **local steward** role for data governance and consent — not only IT integration. LinkedIn
- Colombia footprint (LinkedIn) plus Christian's Oct 2026 Colombia tour may bridge Andean cooperation — relevance to CTH if Datalab spans CL + CO. LinkedIn

4 · Partnership model sketch PROPOSALS

Options to explore today — not agreed terms.

A · Chile data provider (Open Data → Datalab)

ODS Cero publishes audited programme indicators on its Open Data platform; CTH ingests selected datasets into Datalab with shared metadata (dimensions: buen vivir, ecological, economic, social). CTH provides hosting/visualization; ODS Cero retains ownership and community consent.

Ask: Open Data roadmap, APIs/formats, audit standards, and what may be shared internationally.

B · Local datathon & lab anchor

Co-branded event or cohort using `#/datathon` and `#/lab` with LAURAS / regional cooperatives (IV–VI). CTH supplies platform; ODS Cero supplies problems, mentors, and Chilean participants.

Ask: 2026 milestone calendar (Christian mentioned upcoming announcements) and university partners (FCA UChile).

C · Client & ecosystem referral

Member cooperatives (IspirareCoop, CIBV, etc.) or COMEX partners use `#/client` for reporting, ESG dashboards, or circular metrics. CTH offers Datalab as infrastructure; ODS Cero offers trust and local delivery.

Ask: Which member needs data tooling first; whether referral is nonprofit-to-nonprofit or fee-based.

D · Governance & MoU (lightweight)

Document roles: data controller (ODS Cero), platform operator (CTH), public licence for anonymized aggregates, bilingual comms, and exit clause. Defer commercial terms until pilot scope is defined.

5 · Talking points & questions

1. Confirm roles: Is Christian representing ODS Cero officially today? Who from Olguín / foundation board backs a Datalab conversation?
2. Open Data platform: timeline, architecture, and whether CTH could be a launch partner rather than a late integrator.
3. Pick one pilot region (IV–VI) and one indicator set — what would success look like in 90 days?

4. Map Datalab routes: which environment fits first — `#/lab` research, `#/datathon` crowd challenge, or `#/client` member reporting?
5. Colombia angle: is today's Holland House meeting intro-only, or part of a CL–CO cooperation thread ODS Cero already runs?
6. Next step: who drafts a one-page pilot memo, and who needs Gideon's approval before any public announcement?

6 · Risks & unknowns

- **[PENDIENTE]** Formal contract path (Fundación vs Polo vs Cooperativa Ispirare) and signatory authority.
- **[PENDIENTE]** Open Data platform maturity — still "en construcción"; no public URL/API verified.
- **[PENDIENTE]** Data privacy, indigenous/community consent on territorial datasets.
- **[PENDIENTE]** Christian's ODS Cero title on official org charts (not on foundation officer list at odscero.cl).
- **[PENDIENTE]** Why Holland House Bogotá as venue — facilitator, investor intro, or Colombia COMEX leg?
- **[PENDIENTE]** Any existing CTH–ODS Cero or CTH–Christian relationship beyond this meeting.
- **[PENDIENTE]** Verification of self-reported investment figures on odscero.cl.
- **[PENDIENTE]** Colombia operational detail (LinkedIn mentions Colombia; no public ODS Cero Colombia entity found).
