REIN Hubs

A Global Platform for Resilient, Inclusive, Nature-Based Innovation. Led by PVBLIC Foundation and CleantechHUB, REIN carries forward the legacy of the U.S. State Department's … CCE initiative…

Boilerplate as recorded in the 21 Oct 2026 inventory. The ellipses are in that record. Missing words are not filled in.

HUB MODEL

Regional Hubs

Name only. The inventory does not quote a definition.

National Alignment

Name only. The inventory does not quote a definition.

Capital Infrastructure

Name only. The inventory does not quote a definition.

FIGURES USED ON THIS PAGE

5
Active hubs
Colombia, Perú, Guatemala, Costa Rica, El Salvador.

4
Program stages
Ideation (Activation) → Incubation → Acceleration → Growth.

20+
Institutional partners
Count stated in the April 2026 proposal impact block.

Hubs and the stage count: inventory, "Stable across files," 21 Oct 2026. Country names and "20+": `decks/rein-academic-city-ghana/sources/academic-city-ghana-2026-04-23.html` (network and impact). Stage names: that file's fact row, plus the closed label in `decks/rein-academic-city-ghana/PENDIENTES.md` (20 Oct 2026).

OUTCOME BLOCK

270+ Applications	181 Pitched	27 Accelerated

Source file: 02_Central_America_Pvblic_Universities_OnePager. https://docs.google.com/document/d/14Aoyll1dtu-wkUbYjnPY1nAtQVatG6GCdtd5rdKMaRc/edit — inventory slot 4, 21 Oct 2026. That one-pager is marked "HITL pack only. Not sent."

[DECISION: 100+ or 200+ entrepreneurs]

[DECISION: 2+ or 5+ partner universities]

These two counts conflict across source files. This page does not pick a value. See DECISIONS.md.
