What is REIN Hubs?

REIN Hubs (**Resilience · Entrepreneurship · Innovation · Nature**) is a pioneering public–private partnership that builds climate and supply-chain ventures — pairing local execution with regional leverage.

Through activation, incubation, acceleration, and growth programs, REIN Hubs backs early-stage climate and cleantech founders with capital, mentorship, and corporate access — operating physical hubs where entrepreneurs, researchers, and industry converge to build environment-positive, trade-ready companies.

Three names, plus the host line

Country & Regional Hubs

The local and regional infrastructure where ideas are developed, ventures are built, and high-potential solutions are accelerated.

National Alignment

Integration with national development and resilience strategies to ensure ventures respond to country priorities and have pathways for adoption and scale.

Capital Infrastructure

Blended finance pathways connecting investment-ready ventures with multilateral, public, and private capital partners.

Model, April 2026 proposal: public–private partnership with local university / corporate hosts.

Five active hubs

Colombia	Perú	Guatemala	Costa Rica	El Salvador
Universidad Externado · Anchor hub since 2019	Universidad del Pacífico · Lima, San Martín, Trujillo	Universidad Rafael Landívar	Universidad LCI Veritas · San José	Universidad Tecnológica (UTEC)

The April 2026 proposal also names Academic City, Accra, as a proposed West African node. That node is not one of the five active hubs.

REIN Hub Colombia is hosted by Universidad Externado (CEE). Partnership history since 2020. Formally recognised as a REIN Hub in 2024.

University names and “Anchor hub since 2019”: https://www.pvblic.org/rein-hubs, checked 21 Oct 2026. Externado recognition dates: inventory slot 3, https://www.canva.com/d/EjlxAXOWdu659rs. Five countries also in the April 2026 proposal network block.

Four program stages

1. Ideation (Activation)

Idea validation, team formation, bootcamp, lean canvas, initial pitch.

2. Incubation

Product–market fit, MVP development, weekly mentoring, workbooks, pitch deck, business-model canvas.

3. Acceleration

Business-model refinement, investor connections, financial modeling, growth strategy.

4. Growth

Market expansion, LatAm ↔ West Africa pilot corridors, European corporate offtake, follow-on funding.

A multi-layered support system

REIN Hubs connects local founders to a global ecosystem — from a neighbourhood workshop to a corporate offtake contract.

At the Core — Founders

Early-stage climate, cleantech, circular-economy and resilient-supply ventures — with a deliberate focus on women and under-represented founders in emerging markets.

Direct Support

Mentor matching, bootcamps, workshops, pitch coaching and workbooks delivered through the Kintec Academy digital platform.

Network Access

University partners, European corporates, multilateral agencies, sponsor networks, FOSD family office network, UN SDG Joint Fund.

ClimateLaunchpad

Direct entry to the world's largest green business idea competition, with finals in Singapore each October — a continental scale-up route.

REIN Live & Global Events

REIN Live webinar series spotlighting hub achievements, with presence at COP, Climate Week NYC, UNGA, and the CEEA Accra summit.

Non-US Investor Network

European impact investors, EU corporate offtake, philanthropic grants, SAFE investments — intentional diversification away from US federal anchor funding.
