Gideon Blaauw

Client programs · CleantechHUB

Inspire. Act. Transform.

> I lead client-facing work across green-business competitions, regional hub partnerships, and founder investor readiness. I keep external materials factual, concise, and safe to share with partners and donors.

ClimateLaunchpad & CTH Academy

- I support CleantechHUB as **National Organizer** for ClimateLaunchpad in **Colombia, Peru, El Salvador, Guatemala, and Costa Rica**.
- I coordinate cohort communications, trainers, and bilingual content for competition and Academy participants.
- After each cycle, I connect alumni to Nexus portfolio profiles and mentor networks.

REIN Hubs (PVBLIC × CleantechHUB)

- I contribute to **REIN Hubs** (Resilience · Entrepreneurship · Innovation · Nature)—hub activation, founder programs, and partner storytelling across Latin America.
- I prepare donor- and partner-facing presentations and hub asset maps aligned with the public program narrative.
- I keep sensitive proposal detail out of open materials; public program context is linked below.

Public deck link pending.

Teclogi

I provide **Series A investor relations** and **dataroom support** for **Teclogi**, a Colombian logistics company.
