Corporate partner

A Global Platform for Resilient, Inclusive, Nature-Based Innovation. Led by PVBLIC Foundation and CleantechHUB.

LINES ALREADY USED FOR A CORPORATE READER

> REIN Hubs connects local founders to a global ecosystem — from a neighbourhood workshop to a corporate offtake contract.

Through activation, incubation, acceleration, and growth programs, REIN Hubs backs early-stage climate and cleantech founders with capital, mentorship, and corporate access.

Model: public–private partnership with local university / corporate hosts.

Key partners line: UN Joint SDG Fund · European corporate network · CCE-aligned alumni · Angel networks · FOSD.

Network access line: university partners, European corporates, multilateral agencies, sponsor networks, FOSD family office network, UN SDG Joint Fund.

Non-US investor network line: European impact investors, EU corporate offtake, philanthropic grants, SAFE investments — intentional diversification away from US federal anchor funding.
